

Sunday, 29 November 2020

Handwritten notes showing binary representations and calculations:

- 2 (circled 2) → 0101
- 5 (circled 3) → 0101
- 6 (circled 3) → 0110
- 8 (circled 5) → 1000

Below the first column (2 and 5), there is a calculation:

7 (under 2 and 5)
0111

..... X X
win!

$$I(L, u) \quad I(u, v)$$
